Dear Mr Downing

**WRG COMMUNITIES CHALLENGE - 2007**

**Wren Project Ref: 10/07/07284X**

CONGRATULATIONS! I can advise you that you have been successful in your Challenge Application, and that your project has been awarded a substantial grant. The value will be announced at the Challenge Event on 29th November.

You must keep your award confidential until we formally announce the winners at our Challenge Event at the House of Commons on 29th November. Prior to this we will contact you to discuss and agree publicity and produce press releases to announce the winning projects for issue on or shortly after 29th November.

As we are now producing an invitation list to the House of Commons, I would be grateful if you would write or e-mail me with details of 2 representatives from your applying organisation, together with a nominated representative from your Local Authority or the third party funder.

It is important that the WRG Challenge and WREN is acknowledged, during, and after, your project's completion and in due course your Project Manager, Penny Beaumont, will contact you to agree publicity plans.

I look forward to hearing from you soon, and in the meantime congratulations again on a successful application.

Yours sincerely

Peter Cox  
Managing Director
